Chapter 2. The basics

Making a call

How to make a call on the phone.

To make a call you will need:

1. A **charged** battery.
2. A valid SIM card.

You have to be in the Home screen.

1. Dial the number.
2. Press the **Call** key.

Making a conference call

You can easily set up a conference call with your family, friends, co-workers. Call the first participant and then join calls together as described in the following procedure.

Before starting, make sure that your *SIM card* is enabled for conference calls service.

Figure 1. A conference call
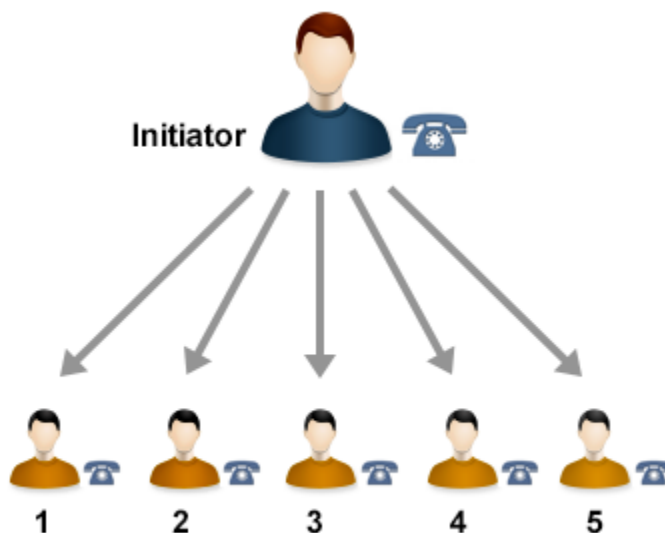

1. Call the first participant.Making a call *(on page 5)*
2. During the call, press the **Asterisk** ✳ key to add a participant. In this way the first participant is put on hold.
3. Type the participant phone number or search in contacts.
4. Press the **Call** 📞 key.
5. To also add the first contact to the conference call, press the **Call** key again.
6. To also add other contacts to the conference call, repeat steps 2 - 5.
